Fight hunger with probiotic chewables, go green with reusable grocery bags, and pack for back to school with a crunchy, cheesy snack

If you've ever wished you could just hit a control button on your hunger, **Natren HEALTHY TUMMY DIET-ERS' PROBIOTIC CHEWABLES** are for you. These chewable, French vanilla ice cream flavored wafers help control appetite, decrease cravings, naturally suppress hunger, and even fight dieter's mood swings.

Fast-acting, natural relief for digestive discomfort is possible with **ReNew Life Formulas ON-THE-GO DIGESTIVE CARE PAKS**. Stop digestive problems like heartburn, constipation, gas, indigestion, lactose intolerance, and diarrhea with convenient packets that are individually sealed for freshness. Natural ingredients include plant-derived enzymes, calcium, magnesium, apple pectin, meadowsweet, and fennel. Ten-dose blister packs are ideal for travel.

Got energy? **Nature's Plus FRUITEIN AÇAÍ HIGH PROTEIN ENERGY SHAKE** will give you loads. It's fast, convenient, and loaded with vitamins, minerals, enzymes, and the antioxidant power of açai berry. Simply mix a packet into 6 ounces of cold water or milk, and shake or blend for a delicious high-protein drink. The whole-foods powder blend is vegetarian, gluten-free, and contains non-GMO soy protein.

For glowing skin and more, try **NeoCell SUPER COLLAGEN POWDER** and **SUPER COLLAGEN + C TABLETS**. Collagen is a structural protein that maintains the strength and flexibility of skin, ligaments, bones, joints, muscles, tendons, gums, teeth, eyes, blood vessels, nails, and hair. Collagen types 1 and 3, available in both the Super Collagen Powder and Super Collagen + C, is a pure collagen protein that is enzymatically processed into its amino acid form, and is easily absorbed by the body.

Nothing fishy here. Derived from sustainably caught wild Alaskan salmon (not farm-raised), **New Chapter WHOLEOMEGA 100 PERCENT WILD ALASKAN SALMON** delivers omega-3s, -5s, -6s, -7s and -9s, as well as vitamins D and E. A special low-heat processing technique removes contaminants such as heavy metals and PCBs, while keeping the beneficial antioxidant astaxanthin, found naturally in wild salmon, intact.
